Description :

PDF-efc9c | American realist Edward Hopper (1882 1967) built his paintings around light. I like long shadows and early and late sunlight. I am very much interested in light, . . . trying to paint sunlight without eliminating the form under it, if I can. Early in his career, Hopper turned to making etchings in which he registered fine gradations of luminosity. In later paintings he applied this skill to atmo... *Edward Hopper 2018 Wall Calendar*
